BOARD OF COUNTY COMMISSIONERS, Washoe County, Nevada, May 1st, 1882. Present—Joseph Frey, Chairman, D. H. Lodge, R. H. Kinney, Geo. A. Rankin, District Attorney, R. S. Osburn, Clerk.

It appearing to the Board that the order heretofore published in the Plaindealer, on the 18th day of February, concerning the apportionment of the tax for the construction of a sidewalk along the north side of block Q, in the town of Reno, contained a misdescription of the block, the same being described as block O. It is ordered that the said order be published in the DAILY NEVADA STATE JOURNAL, for two consecutive weeks, to-wit:

ORDER.—It appearing to the Board of County Commissioners that heretofore, to-wit on the 31 day of October, 1881, a petition of the majority of the frontage property owners along the north side of block Q, in the town of Reno, praying an order of this Board for the construction of a plank sidewalk along said block, and that on the 7th day of November, 1881, after due consideration and notice thereof, published in the Plaindealer, a newspaper published in said town of Reno, for the period of two consecutive weeks, and it further appearing that said sidewalk was constructed as per the order of this Board by all the frontage property owners along said block, except seventy-five feet, to-wit fifty feet along the front of lots 16 and 17, owned by I. B. Marshall, and twenty-five feet along the front of lot 14, belonging to the Western Union Telegraph Company, in said block, and the Board thereupon advertised for bids for the construction of said seventy-five feet of sidewalk and it appearing that the bid of Joseph Odell, in the sum of seventy-five dollars, was the lowest and best bid, and the same being accepted, and it further appearing that said walk has been constructed by said Joseph Odell along the front of lots 14, 16 and 17, and that the cost thereof was \$75.

Now therefore, it is ordered that the cost of the construction of said walk be apportioned among the frontage owners of said lots as follows: To the said I. B. Marshall, owning lots 16 and 17, 50 feet, \$50; to the said Western Union Telegraph Company, owning lot 14, 25 feet, \$25.

NEWS OF THE MORNING.

Among the latest bits of Washington gossip is a story that Secretary Frelinghuysen will succeed Minister Lowell at the Court of St. James and be himself succeeded as Secretary of State by ex-Senator Conkling.

The wheat prospects in Oregon and Washington Territory this year are good. The surplus of valley wheat valued this year at 230,000 tons; Eastern Oregon and Washington surplus this year, 145,000 tons; estimate of total surplus for export, 375,000 tons.

Mrs. Thompson, daughter of Senator Hill, of Georgia, left Washington day before yesterday to join her father at Hot Springs, Arkansas, where he has been for some weeks with Mrs. Hill and their three other children. Hill has no hope of recovery and desires to have his family with him. He is very much depressed and it is hoped that the presence of Mrs. Thompson, who is his favorite daughter, may have a cheering influence upon him.

DEPARTMENT OF AGRICULTURE.

At last the greatest industry of the country is to be given that recognition it has so long deserved. The telegraph reports that the House of Representatives has passed by 172 to 7, and without amendment, the bill creating an Executive Department of Agriculture, which provides that the Department shall be under the control of a Secretary that is an experienced and practical agriculturist, and establishes departments of agricultural produce, industry, land and statistics.

A Bolt in Mississippi.

Chalmers, of Mississippi, recently ousted from Congress, publishes in the New Orleans Times-Democrat, an address to his constituents, bolting the Lamar Democracy of Mississippi and declaring himself an independent candidate for Congress. He is particularly severe on the Northern Democrats in Congress, who allowed him to be ousted from his seat without making a fight. His platform includes opposition to the national banks, a tariff for revenue only, an elective judiciary and protection of the lowlands of the Mississippi from overflow. If he retires from the campaign he will support the opposition candidate against the Democratic nominee.

A Vigorous Indian Policy Fore-shadowed.

The President Thursday morning, in alluding to recent Indian atrocities, referred to their regular yearly occurrence, and said the time had now arrived when some effective means should be adopted for their prevention. He says there is no doubt that Indian depredations are checking immigration and settlement and the development of the resources of the territories. Instructions have been given to use force to its extreme limit. This vigorous policy is universally commended in Washington.

A Washington correspondent says the Republican majority in the House has been increased by two votes. Mr. Lynch, colored, has been given the seat occupied by General Chalmers, of Mississippi, thus reducing the Democratic vote by one and adding one to the Republican vote. Mr. Lynch is now the only representative of the colored race in Congress—the only one that has been in Congress since Senator Bruce, of Mississippi, left the Senate, more than a year ago. The newly seated Congressman is a mulatto of very light color, with a face that is decidedly more Caucasian than African in its features. He argued his own case with great ability, and received the entire vote of the Republican majority and one Democratic vote, that of Mr. Ellis, of Louisiana, and was sworn in with great demonstration of applause from the Republican side of the House. The Democrats lose one of their readiest and most brilliant debaters in General Chalmers.

Would it hurt the Nevada delegation in Congress to endeavor to induce the Postoffice Department to give Reno and Virginia City merchants daily mail service with the section of country north, with which a large and profitable business is done?

Secretary Chandler does not favor a new Arctic expedition. Nevertheless there ought to be at least one more. We have just been reading Jeff Davis' recent speech at New Orleans.

The White Pine News says the mining and business outlook of Cherry Creek has improved wonderfully in the past thirty days.

RAILROAD LAND GRANTS.

The Vast Domain Given Away by the Government.

An analysis of the letter recently sent to Congress by the Secretary of the Interior relating to the so-called lapsed land grants shows some extraordinary results. It appears first, that the area of lands granted to the Northern Pacific, Atlantic and Pacific, Texas Pacific, Southern Pacific, Oregon branch of the Central Pacific, New Orleans Pacific and Oregon and California is 115,458,218 acres, or over 180,000 square miles—more territory than is contained in all the New England States, New York, Pennsylvania, New Jersey and Maryland; second, that before the time expired by which the granting Acts required the roads to be finished these corporations had earned by the construction of miles of railroad pro rata for the number of acres granted, only 18,615,196 acres, or 29,091 miles—less than one-sixth of the total amount offered, but a territory equal to all of New England, except Maine; third that since the expiration of the time set for the completion of the roads, or up to the present time, enough miles have been completed to entitle the roads, if the principle is admitted that corporations have an equitable claim to lands pro rata for each mile of road built, to 14,261,944 acres, or 22,293 square miles—a territory larger than the area of Massachusetts, Rhode Island, Connecticut and New Hampshire; fourth, that by the failure to comply with the terms of the grants these corporations have absolutely no claim to 83,674,478 acres, or 130,736 square miles, which is now withheld from settlement. This is territory nearly equal in extent to New England, New York, New Jersey and Maryland, or to the three great States of New York, Pennsylvania and Ohio, with a population of 6,000,000 people.

A EUREKA SCHEME.

Probable Combination of Principal Places of Business.

The houses of R. Sadler, F. W. Clute, H. Johnson, W. H. Remington and Pete N. Hansen, representing the hardware and nearly all the grocery and general merchandise establishments, talk of forming a co-operative association, and combine all their places under one roof. Four of the five firms favor the scheme, and it is probable that it will be done. It has proved successful in Austin and it is argued that it would prove advantageous to all the interested parties. The Foley-Rickard building is spoken of as the most available and best adapted place. By doing this the number of delivery wagons now used by the parties could be reduced from five to two, and the employees cut down from 29 to 12 or 15. This in itself would be a large saving. It is also claimed that by buying goods in large quantities a heavy reduction could be secured. So says the Leader.

Agricultural Implements.

The manufacture of agricultural implements has been the subject of government inquiry and census. The figures given show a remarkable increase. In the United States there are 1,942 establishments for the production of agricultural implements. Of these 221 are in Illinois, 265 in New York, 220 in Pennsylvania, 155 in Ohio, 139 in Michigan. The total capital employed is \$62,315,966; paid in wages \$15,499,114; worth of timber used, \$5,791,916; worth of iron and steel, \$18,421,059; worth of other material, \$7,878,202; total, \$32,094,107. The largest number of persons employed during the year was 49,180. The total value of all products was \$68,373,086. In 1850 the total product was \$6,842,611. In 1860 it was \$17,487,900. In 1870 \$52,066,875. During the year 335,057 cultivators were made; 131,003 harrows; 230,654 dozen hoes; 112,147 dozen of shovels; 380,732 dozen hand rakes; 1,461,443 plows; 211,738 dozen of hay forks; 1,244,264 scythes; 43,717 scythe snaths; mowers, 72,000; seed sowers, 20,289. In 1850, 7,220 persons were employed; in 1860, 14,814; in 1870, 25,269; and in 1880, 49,180.

California Odd Fellows

The California Grand Lodge of Odd Fellows has elected the following officers for the ensuing year: Grand Master, Leon D. Freer, Oroville; Deputy Grand Master, D. M. Burns, Sacramento; Grand Warden, W. W. Morrow, San Francisco; Grand Secretary, W. B. Lyon, San Francisco (re-elected); Grand Treasurer, H. B. Brooks, San Francisco (re-elected); Grand Representative, A. W. Scott, San Francisco; Trustees, E. T. White, John Hansen, T. R. Morton; Trustees Odd Fellows' College and Home, J. B. Harmon, John F. Miller, C. W. Pomeroy, T. H. Sines, Leland Stanford, T. B. Austin, O. H. Randall, W. H. Barnes. Four hundred and sixteen votes were cast.

The Chinese question has been eliminated from politics for the present and for a decade. Those who attempt to ride it now will do so because of their infirmities—because they are weak in intellect or fear to tackle live issues.—[Sac. Bee.]

Condition of the Navy.

In response to the resolution of inquiry from the House, Secretary Chandler states in an elaborate report that not one of the sixty-seven vessels in the American navy is in condition to engage in battle with an enemy. Under the same general classification, two of them can be put in that condition, except as to ordnance, in one month each. The others will require, except as to ordnance, one and two years. The manufacturing of the guns, ammunition and everything required for readmitting these sixty-seven vessels, would require from five to seven years, the first light gun and carriage being delivered in about one year, and the first heavy gun in about three years. It would require an expenditure of \$22,514,141 to put these vessels in the desired condition. The least expense would be the Yantic, whose repairs and rearming would cost about \$51,484. The most expensive monitors are the Amphitrite, costing \$1,531,550; Puritan, \$1,583,000, and the Terror, \$1,557,000. Forty-five vessels, storehips, tugs, etc., are utterly unserviceable for war purposes. The most powerful gun actually in service is the eight-inch muzzle-loading rifle. Theoretically, its penetrating power in inches of solid iron armor, at 1,000 yards distance, is equal to nine inches. Conclusion shows that a projectile from this gun, at a distance from the muzzle of 1,000 yards, will penetrate a plate of solid iron eight and one-half inches thick, the energy of the shot being just sufficient to convey it through the plate. Its theoretic range, at 39 degrees elevation, is 10,280 yards. There are fifty-seven of these guns actually available for service. The weight of these guns is 17,350 pounds, the weight of the projectile is 180 pounds, and the charge is thirty-five pounds of hexagonal powder.

The Whisky Lobby.

The whisky merchant princes from all the large cities have been hovering about Congress for weeks, urging the passage of a bill to extend indefinitely the time that whisky can remain in bond. By means and methods best known to wealthy lobbyists, they have made much headway that they claim a majority in the Senate in favor of their bill. The effect of this measure will be to reduce very seriously the revenues of the Government. It is believed that the President will veto the bill, if it shall be passed in the shape desired by the Whisky Lobby.

The Eureka Sentinel, speaking of Judge Leonard's decision in the Albion-Richmond appeal bond case says:

The conditions of the bond are that shall be executed by two sureties, each of whom shall be bound in double the whole amount, and that the security shall be had in the State of Nevada. Hence, practically, the amount of the bond is \$1,702,200. Whether the Richmond, at present, could give bond in such an amount in this State may be questioned. That they are willing to bind themselves so heavily for at least three or four years, with but the ghost of a show to win the suit in the Supreme Court of the United States, nobody believes. A gentleman familiar with the affairs of the Richmond Company and prominent in their councils said that no effort would be made to give the required bond. Hence it seems that this protracted litigation, so unfortunate for the camp, will very soon be ended, whereupon the Albion will be hampered no longer but will go to work and develop the disputed ground which is generally believed to contain a valuable and extensive ore body.

The Elko Independent would be satisfied to have the Democrats nominate Henry Mayenbaum, of Austin, for Supreme Judge. It says:

A better and more competent man for the position could not be selected by the nominating convention. To extensive legal requirements Mr. Mayenbaum has added ripe experience through his practice. Besides being a successful lawyer, he has always been a consistent Democrat, and is richly deserving of marked consideration at the hands of the party. When considerable younger than he is at present, his aspirations failed before a State Convention, by a mere scratch, but his defeat was borne without a murmur, nor was his zeal in the cause of the Democracy in the least subdued thereby. We reiterate that Mr. Mayenbaum deserves well from the party, and hope that his merits will receive their just recognition.

DISSENTING POLITICIANS.—The announcement that the County Commissioners have in contemplation the abolishment of the offices of two Justices of the Peace and two Constables of this county, and the throwing of the whole county into one judicial district, has created great consternation among local politicians. There are about 100 aspirants for the office of Justice of the Peace, and they all realize that their chances for election will be greatly decreased if there is but one office to be filled instead of three. The taxpayers will certainly be grateful to the Commissioners if the proposed change is made. District Attorney Hiles says the matter is plainly within the power of the Commissioners.—[Virginia Chronicle.]

Empire presents a lively appearance at this time. Considerable wood is being taken out of the river. Sam Longbaugh has a large number of white men employed taking out wood, and B. D. Cameron has a great number of Chinamen engaged in the same occupation.—[Carnon Bee.]

NO FEAR.

The San Francisco Chronicle remarks: Demagogues have raised apprehension that this law will be repealed in 1892. On this they grounded their loud outcry against the President for vetoing the first bill, which provided for an exclusion of twenty years. There is no good reason for such apprehension. The Pacific States will be a great deal stronger in Congress in 1892 than they are now, when they have proved their ability to put through this bill, and the New England States, from which the opposition chiefly came, will be proportionately weaker. By 1892 there will be at least two, and probably three more Pacific States—Washington, Arizona and Idaho. And we can always rely upon Colorado, New Mexico and Texas as allies against the repeal of a law so useful to us as this is likely to be. It will be twice as easy to re-enact the law ten years hence as it has been to pass it. As a matter of fact, the insistence on the twenty years' clause, for the purpose of securing Democratic votes in the two houses was a blunder. It cost us more than thirty days' delay; and in those thirty days, 8,000 to 10,000 more Chinese have been imported. The clause prohibiting naturalization was another concession to the Democracy. It is entirely unnecessary. Under the naturalization laws, as they stood, no Mongolian could become a citizen.

JEFFERSON DAVIS ON THE ANDERSONVILLE MATTER.—We are not revengeful. The fact is the Southern people are not capable of hate, and I tell you why I think so; hate is the child of fear, and brave men do not hate like cowards. Neither are brave men ever cruel; so I wish you to draw from those who can testify on both sides of the law that we did everything in our power to assist those prisoners taken during the war; we tried to release them; we tried to go down to posterity, so that our children's children cannot have the name of Andersonville thrown with opprobrious epithets in their faces. It is false, utterly false, the charge that our people ever did treat prisoners with cruelty, and I want the fact shown as it can be shown. You can get witnesses who were prisoners; you caught the men who, when prisoners, were paroled, went to Washington to get relief, were denied an audience, and had the honor to come back to prison. You can get these men to testify that if they were not treated as well as they might have been there were causes; there were physical causes, there were climatic causes. We were wanting in supplies; we were wanting in medicines; we were wanting in the food to which they were accustomed. How could we supply them. It is all the wildest slander that ever was perpetrated.—[From Davis' Recent New Orleans Speech.]

RIO GRANDE WESTERN.—The Rio Grande began laying track westward from Gunnison the 1st of April. It is laying from Provo toward Salt Lake as fast as it can get the ties on the ground. The rains of April in the valleys were snows in the mountains and obstructed operations. There is no danger from the suit begun by the attorneys of the Union Pacific; that is, that it will prevent the sale of the Pleasant Valley road for default on the 12th of June as advertised. We give Messrs. Weibree and Goss till the 1st of June, 1882, to have through trains running between Salt Lake City and Denver, and that is all they ask.—[Ogden Pilot.]

The Democrats are becoming seared about something or other. The State Committee has been called to meet next Thursday, and it is whispered that it is for the purpose of postponing the time for holding the State Convention. The several aspirants for the Governorship are becoming very jealous of one another.—[Sac. Bee 9th.]

If the projected Federal building is constructed at Carson, nearly all the prominent Federal officials for this State will have their offices here, including that of the Surveyor-General. Such should be the case at the present time.—[Carson Index.]

The Chronicle and Footlight are having something of a spat over the inner workings of the pure and undefiled Democracy of Storey county. Behold, brethren, how good and pleasant a thing it is to dwell together in unity.—[Carson Index.]

Ex-Congressman William Woodburn, it is said, is a candidate for the Attorney-Generalship. Mr. Woodburn is a good lawyer, made a good record in Congress, and if nominated is sure to be elected.—[Carson Appeal.]

Everything in the line of Fruit and Ornamental trees, supplied from the Arlington Nurseries, at very low prices for cash. W. J. MATSH.

A COUGH, COLD OR THROAT should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. BROWN'S BRONCHIAL TROCHES do not irritate the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always gives perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the best staple remedies of the age. Sold at 25c a box everywhere.

The A. O. U. W. Grand Master reports an increase of eleven lodges and 476 members for the year ending May 6. Only four deaths have occurred in the Order in this jurisdiction since the first lodge was organized in 1879.

Mr. Jack Frazier tells us that the Truckee is out of its banks down in the canyon and has partially flooded O'Connor's ranch. There is also some water on Kleppe's land on the north side of the river. Even as far up as Glendale the water is nearly out of its banks. No material damage is apprehended.

H. Ward, formerly of Reno, has left Bodie. The Free Press, of yesterday says "during the four years in which Mr. Ward has been in Bodie he has enjoyed the full confidence of the people as a man thoroughly upright in all his undertakings, and as a public-spirited and energetic citizen. His departure is a loss to this community, and a gain to any other in which he may choose to cast his fortunes."

Senator and Mrs. John P. Jones gave a complimentary dinner to Miss Kate Wheaton, daughter of Mayor Wheaton, of Savannah, Thursday evening, May 4th. The guests were ex Governor Pacheco, Miss Pacheco, Mrs. H. F. A FRIGHTENED OFFICIAL.

Not Much Danger of an Indian War in Elko County.

The JOURNAL yesterday published Special Agent Smith's dispatch to the War Department stating there was danger from the Bannocks. The Elko Independent, of Thursday, gives its views of the situation, saying that "it will be difficult to convince the residents of this section of country, of the necessity or propriety of the dispatch. There is certainly very little about the reservation at this time to excite the cupidity of marauding bands, and, with them, the empty honors acquired upon the battle field, is of a more consuming nature than that experienced by the average Caucasian. We scarcely believe that the alarm evinced by Agent Smith, is shared in by the residents of Duck Valley. True, a majority of the Indians have left the Reservation, but the reason for so doing, according to their own statement, and that of ex-Agent How, is that they were furnished little or nothing to eat. Since the settlement of the country by the whites, few of these Indians have ever been obliged to go hungry, and when their supplies at the Reservation failed, they naturally sought the localities whence they had always been able to draw a sufficiency before the Reservation for their benefit had been established. This place, Tuscarora, and the various contiguous camps have each received their quota of the levanters. Many of them are industrious, and make serviceable work-hands on the ranches, or earn their grub by doing chores about the camps, and care very little for either the success or failure of the Reservation as an aboriginal asylum. These Indians have never been troublesome, and no grounds for present apprehensions are generally apparent. The danger from an incursion of Piutes or Bannocks, so vividly set forth in the dispatch, more than probable, exists only in the imagination of the Agent. The newly appointed Agent, J. S. Mayhugh, left here for Tuscarora yesterday, proposing to return Saturday, and if there is anything in the situation to justify the fears of Mr. Smith, the public will be made aware of it."

Bound West.

The following passengers are on the train to arrive in Reno to-night: Mrs. M. C. Spencer, Pittsburgh; Alonzo Thomas and wife, Maryville, Missouri; Mrs. Norman Beckley, Elkhart, Indiana; H. E. Bothin, San Francisco; Mrs. E. P. Sanford, Miss Sanford, Oakland; George H. Anderson and wife, Pittsburgh; Wm. Simpson, Jr., and wife, Brooklyn; Alice Nottingham, Sacramento; J. T. Griffith and party of six, Japan; E. O. Leach, Washington; W. J. Moore and wife, Albany.

How he Received the News.

The Genoa Courier, of yesterday has the following:
Yesterday shortly after the arrival of the Walker River stage a sad and touching scene was enacted in the Courier office. A man covered with dust from riding on the stage came into the office and asked for a Reno paper. He was handed the JOURNAL of that morning. He had scarcely looked at the paper before he began crying aloud and moaning and grieving in a most heart-rending manner. The paper contained a notice of the death of his little daughter, in Reno the evening before. He was so broken down and overcome with grief that we gained but little information from his words. His name is Wm. Kennedy, and when he left Reno, but a few days ago, the little one was in perfect health. He was somewhere on Walker River when he received a telegram stating that his child was sick. He started home, and when he reached Genoa, while the other passengers were eating dinner he rushed to the printing office to learn the latest news. Sad indeed was the news he gleaned from the JOURNAL, which was still damp from the press. The paper also stated that two more of Mr. Kennedy's children had been taken dangerously ill.

The Auburn mill, near Reno, is stated to be now running splendidly and crushing forty tons of ore every twenty-four hours.—Austin Reville.

The Beville has got things mixed. The Auburn mill, at Reno, is not running, nor has it been for a long time. Is there not a mill of that name in Humboldt?

Senator Powning has declined the nomination for Congressman from Nevada unless he can obtain it from the Republican Convention at Reno next September. This is satisfactory to the anxious rank and file, and they will now do about as they please, just as before.—Carson Index.

Yes, and they have our permission to nominate Judge Harris.

The Bodie Free Press says: Reno is a wide-awake, enterprising little town, and of late has managed in one way and another to get about all that is worth having in Nevada. Her sister towns are wrought up by this fact to an excitement of more or less intensity. The Eureka Sentinel thus advertises upon Reno: * * *

The Carson Tribune says: Chief Justice Leonard seems to be on top as regards the nomination. His judicial record is such as that not a flaw can be found therein and the general feeling is in his favor for re-election.

SUMMONS.

IN THE DISTRICT COURT OF THE SECOND and Judicial District of the State of Nevada, in and for the County of Washoe. The State of Nevada sends to REBECCA H. HICKMAN, greeting.

You are hereby required to appear in an action commenced against you as defendant by John A. Paxton as plaintiff, in the District Court of the Second Judicial District in and for the County of Washoe, State of Nevada; and answer the complaint therein within ten days after the service on you of this Summons (exclusive of the day of service), if served in said County, or twenty days if served out of said County, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover forty-five hundred dollars, with interest from October 15th, 1880, at one and one-half per cent. per month, and 117 40 dollars with like interest from Nov. 15th, 1880, and to foreclose a mortgage given to secure the same, together with ten per centum on the principal and interest thereof as an attorney's fee, upon the following described property, situated in Washoe County, Nevada, that is to say: The South ½ of the Northwest quarter, and the North ½ of the Northwest quarter of section 4, township 19, North of range 20 East, M. D. B. M.; also lot 2 of the Northeast quarter of section 5, in township 19, North of range 20 East, in all two hundred and forty acres of land.

Also the Southeast quarter and East ½ of the Southwest ¼ of section 4 in township and range as aforesaid, in all two hundred and forty acres of land.

Also lot 7 and the West 35 feet of lot 8 of C. A. Richardson's survey, in block 4, Western Addition to the town of Reno, and lot 13, in block 2, and the East 10 feet of lot 1, and the West 25 feet of lot 2, in block 6, in the Western Addition to Reno.

Also 200 shares of the capital stock of the North Truckee Ditch Company, a corporation, and the right to hold and use two hundred and sixty inches of water, represented in the said shares of capital stock, and flowing through the ditches of said corporation; also the sum of \$75 with interest at one and one-half per cent. per month from December 15th, 1880; the sum of \$200 with like interest from January 15th, 1881; the sum of \$19 75 with like interest from March 19th, 1881, and for twenty-five per centum upon the said last three mentioned sums, with interest, as expenses of collecting the same. Plaintiff prays for general relief.

All of which will more fully appear from the Complaint which is on file in the office of the Clerk of said Court at Reno, in said County, and you are further notified that if you fail to appear and answer said Complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I, C. S. VARIAN, have hereunto set my hand this 23d day of March, A. D. 1882.

C. S. VARIAN, Plaintiff's Attorney.

Reno, March 23, 1882.

DR. SPINNEY

NO. 11 KEARNEY ST.

Treats All Chronic and Special Diseases.

YOUNG MEN

WHO may be suffering from the effect of youthful follies or indiscretions, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. Spinney will guarantee to forfeit \$500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty, who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, the color will be a thin milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration to the genito-urinary organs.

Office hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, \$5.

Call or address,

DR. SPINNEY & CO.

No. 11 Kearney St., San Francisco.

P. S.—For private diseases of short standing a full course of medicines, sufficient for a cure, with all instructions, will be sent to any address on receipt of \$10.00.

AYER'S CATHARTIC PILLS

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, CURING

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach and Breath, Headache, Erysipelas, Piles, Rheumatism, Eruptions and Skin Diseases, Biliousness, Liver Complaints, Dropsy, Tetters, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner

Fill, and purifying the blood, are the most congenial purgative ever perfected. Their effects abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organs into action; and they impart health and tone to the whole being. They cure not only the every day complaints of everybody, but formidable and dangerous diseases. Most skillful physicians, most eminent clergymen, and our best citizens, send certificates of cures performed, and of great benefits derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugar coated, they are easy to take; and being purely vegetable, they are entirely harmless.
